

Calculated Grade Student Portal Before You Start Guide

Please read this guide in full before you commence the registration and subject level confirmation process.

In line with changes required to deliver calculated grades to students due to sit Leaving Certificate and Leaving Certificate Applied examinations this year, the Calculated Grades Executive Office of the Department of Education and Skills has developed a Calculated Grade Student Portal.

The portal will open at 10 AM on Tuesday 26 May and close at 10 PM on Thursday 28 May. In this time period students need to do the following;

Leaving Certificate Applied Students

Need to complete the registration process

All other Leaving Certificate Students

Need to complete the registration process AND confirm their subject levels

It is essential that you carry out these steps at this time so that ultimately you have the opportunity to receive calculated grades that will allow you to progress to employment, further education or higher education.

The student portal will reopen at a later stage when you will be asked to confirm that you are opting to receive calculated grades. You will also use the portal to access your calculated grades when the results issue and for the later stages of the process such as the appeals application process. You do not need to worry about this for now as all we need you to right now do is register and, other than LCA students, to confirm your subject levels. Once you have registered, we will be able to contact you to alert you about the next steps that you need to take to receive calculated grades this year.

The student portal has been designed to be easy to use but you do need to read this guide in full to make sure that you have everything that you need before you commence the registration (and confirmation of subject levels) process.

We have asked schools to provide assistance to students who do not have either their Examination Number or their Personal Public Services number, both of which are need to register on the portal. Before making contact with your school, see the Questions and Answers Section below for details of what you should do to access these numbers from your own records.

If you don't find the answers you need after reading this guide you can contact the helpdesk at 1800-111135 or 1800-111136. Please note that due to COVID19 restrictions the helpdesk phonelines will ONLY be available between 9.00 a.m. and 5 p.m. each day. Outside of these hours you can email lcsupport2020@education.gov.ie.

5. You should exercise extreme caution when confirming levels. **If you confirm a level that is higher than the level that you have been planning for it is likely to lead to a lower than anticipated grade in that subject.**
6. The level shown beside each subject can be changed to a lower level using the drop-down options.
7. The system will not allow a change to a higher level. In the unlikely event that you were incorrectly entered for a lower level initially than that you were preparing for please email lcsupport2020@education.gov.ie.
NOTE:- We will need to obtain proof from your school that there was an error in your initial entry before we will process any change.
8. Even if you are not making any changes to the levels we require you to confirm the subject level information presented.
9. You should review the levels presented for the subjects listed and make any necessary changes. At the end of the page you then tick the box to confirm and then click the Submit Confirmed Levels button.
10. Once this has been done, you will receive a confirmation page which you can retain for your records. You will also receive confirmation of your levels by email.
11. This is all you need to do at this point. Retain your account details securely (Exam Number and the password you created) so you can access the portal later when we ask you to do so.

The personal data provided will be forwarded to your school to allow them to begin this process.

The privacy notice outlining further information on the use of personal data in this process can be found at [\[link\]](#). Full details of the Department's data protection policy is also available at <https://www.education.ie/en/The->
